J. L. Wilson of South Paris officiated, using the double ring service. Only the immediate family were present. The bride was gowned in blue satin with bead trimming and carried chrysanthemums. Her traveling suit was of brown silvertone with hat in harmony. The bride is a native of Leeds. She was graduated from Monmouth Academy in the class of 1917. Her parents, Mr. and Mrs. S. S. Wyman, moved to South Paris, a few years ago. Mr. Clark is the son of Mr. and Mrs. James H. Clark of South Paris, and a native of that town. He graduated in the class of 1919 from Paris High. He is engaged in farming at the present time. Those present from out of town were: Mrs. F. E. Sedgely, a sister of the bride, and son Earl, of North Leeds. After a brief trip to Readfield, Lyman and Swampscott, Mass., Mr. and Mrs. Clark will reside at 46 Hill street with the bride's parents.

The Ladies' Aid of the Baptist church met with Mrs. Lucella C. Morton, Tuesday, for an all day meeting. A covered dish dinner was served at noon time. Out of town guests include Mrs. Lydia J. Willey of Cambridge, Mass., Mrs. Charlotte Hawson of Lewiston, Mr. and Mrs. Lawrence Seavey of Cape Neddick. Emma Haskell of Auburn is the guest of her brother, Edwin N. Haskell and family.

Mrs. Ida Bonney and Mrs. Leslie E. Newell of Sumner were guests of Mr. and Mrs. J. D. Haynes over the weekend. Irving Thurlow and Ernest Thurlow, who went with a party of six to Alaska in August, are located on a ranch at Hunter, Washington, of which Alton M. Porter, formerly of South Paris, is in charge.

Emma E. West and M. Ella Keniston are on their way to Southern Pines, N. C., where they will do table work, the coming winter, at the Hollywood Hotel. They went by automobile with Harlie and Henry West, who plan to spend the winter in Florida.

Mrs. G. Harold Abbott has resigned as cashier of the Norway Baptist Church. Mrs. Marion Millett is her successor. Ladies of the Baptist Missionary Society are packing a barrel of clothing to be sent away. Mrs. L. C. Morton is receiving donations.

W. B. Wheeler, who lost a part of two fingers in a box planer at the Paris Manufacturing Co., escaped without injury to the bone. The wound is believed to be healing nicely.

Leo Marston is slowly recovering from an operation for appendicitis at the G. Hospital, Lewiston. He was removed there several weeks ago and serious infection was found. Although the operation was successful, recovery has been slow.

The steam cement workers and tamper used on state highway construction is being dismantled for storage during the winter.

Holstein Breeders Meet

A meeting of the Holstein Breeders Association of Oxford County was held at the Grange Hall, Thursday. The field secretary was present to increase the interest of the New England Holstein Breeders among the pure bred cattlemen of the United States. L. E. McIntire of East Waterford was chairman of the meeting.

The speakers were, R. C. Pollock and Prof. Wm. M. Rider, National Holstein Association. They showed that New England has a unit of 30,000 pure bred Holsteins representing about 10,000,000 and their interests are not combined as a unit as in the western states. Wisconsin and Minnesota have about 15,000 pure bred cattle, and their product is in great demand, and what is true in the west is true in New England.

Fifty per cent. of the bulls in use in Maine are grade or scrub bulls with no ancestry showing milking qualities. Fifty per cent. of the pure bred bulls are sent to slaughter when young because of lack of market. This market can be created by engaging a field secretary. There is fifty to one hundred per cent. increase in milk production shown by the offspring of a pure bred sire and in the second generation the increase is 500 per cent.

Mr. McIntire accompanied the speakers, Mr. Pollock and Mr. Rider, to Auburn to attend the meeting held there, Thursday evening.

Some two hundred dancers and a large balcony patronage attended the concert and dance given by the Third Regiment Band of Rumford at Norway Opera House, Thursday evening. The music was just right for jazzing and played with a dash and snap, not a common thing with organizations featuring brass instruments. Contrary to the usual program, the crowd waited patiently through intermission and kept on until the end.

The band motored from Rumford in the afternoon and arrived in season to join the Republican parade on an arrangement with the local committee. Although late on getting back to the Opera House, a few concert numbers were rendered then dancing followed until after midnight.

The musicians were in the outfit under the direction of Clinton M. Dexter, a noted band master. Arthur Beaudet was piano accompanist. Several autos filled with young people came from Rumford to enjoy the delightful music from a home organization.

Auburn Grange Exemplified Work
Norway Grange entertained a large gathering from the surrounding Granges, Wednesday evening, Nov. 3, when about seventy members from Auburn Grange exemplified the work and conferred the third and fourth degrees on nine candidates.

A fine harvest feast was served before the formal exercises opened. More than 300 were seated at the tables laden with good things for which the local cooks are famous.

The degree work was performed with precision and speed. Many compliments were made to the many competent speakers during the exercises including representatives from South Paris, West Paris, Auburn, Otisfield, Bolster's Mills, Hannover, Newry and Augusta.

Grant Abbott, worthy master of Norway Grange, presided during the entire ceremony that followed, and delivered the address of welcome. Vocal solos were given by Elton L. Brown and Cherry Noble. A. L. Morse of South Paris, the well known humorist and reader, entertained with several choice readings.

Nash Taxidermist Shop, having been at Middle Dam during the summer and fall, Mrs. Waite and son have returned from a week spent at Rumford.

John Hutchins has completed painting the outside of C. E. Cummings & Sons' Co.'s office, building after several unavoidable delays.

Agnes Beal is ill with the shingles, but comfortable as could be expected with trouble of this nature.

Clarence E. Briggs has finished making cement blocks for the season at A. W. Walker & Son's plant and is hunting deer in Bethel and Albany.

The Norway Republican Headquarters was closed Saturday and local organization passes out for four years. Ben Thomas and Alton Noyes have employment at Frank E. Buck's cobbler shop, South Paris.

Edison Stevens is laying shingles for Oscar Bennett on his tenement on Cottage street.

Automobile Inspector Harry O. Stinson has finished his work in that branch and will start next week on state work in western Oxford County.

Margaret A. Baker and Jennie P. Baker left, Monday night, for Denver, Col., where they will spend the winter with relatives. They were accompanied by Mrs. Leah Whitman, who returned to her home in Red Wing, Minn. The Misses Baker plan to return about the first of May.

Mr. and Mrs. Alex W. McLean have closed their cottages at the lake and gone to Florida to spend the winter.

There will be a Civil Service Examination at the Municipal Court Room, Saturday, November 13, for postmaster at South Paris, and for town clerk.

The Universalist ladies' sewing circle will meet with Mrs. V. W. Hills, Friday afternoon. Plenty of work for all.

Henry White, the bookkeeper for the Oxford Electric Co. so long and who was removed to the Lewiston office, has been given his old position again and will come to Norway the last of the week. He will have a room at Mrs. L. H. Cushman's.

Howard B. Young is installing a Franklin-Morse lighting plant at "Greenfields." A. C. Walker and Mr. McIntire this outfit and Robert Wise and Howard Young go over every morning. The lights were turned on in the barn Tuesday. Mr. McIntire is much pleased with the way the job has been done.

Almore A. and Eugene Everett went to Durham this week with six horses to haul a portable saw mill to Lincoln Holmes' lot at Bisbetown for Jim Stone.

Allie Richards, Guy McAllister and Lester McAllister are among the Norway lumber workers who have secured a small admission was charged for others than members. The lecture proved educational and entertaining.

Amos L. Millett and niece, Mrs. Lyman B. Chipman.

Cement Work Suspended for Winter

Contractor James H. Kerr suspended road building Monday afternoon, on that part of the State highway extending over Paris street in Norway. South Paris village over Pleasant street. Cement allowed for this season's job has been used, owing to approaching cold weather it was considered advisable to stop and clear up the road already laid.

The first cement was spread, Sept. 21, and progress has been rapid, considering delays for rain, break down and non-arrival of crushed rock. Approximately one and one-fourth miles have been constructed, leaving three-fourths of a mile in South Paris for next summer. Finishing touches will be made in Norway at the main street corner, and Cottage street will be paved, next season.

The present construction stops some hundred feet beyond the creamery on Pleasant street. Many of the crew were released, Monday night, and the remainder started, Tuesday, shouldering that part of the road from Fair street, Norway, toward the stopping point. Some time this week the road will be opened from Norway to Pine street, South Paris, where a short detour will be necessary to reach Market Square. Within a few weeks the direct route can be used.

Without argument, the inconvenience to travelers since September has been great, but this feeling will quickly pass into antiquity. A solid highway of cement 18 ft. wide, with an earth shoulder three and one-half feet on both sides, will more than counteract the inward "cussing" while dumping over the detour. It is worth some sacrifice to bury the stretch of mud known to every motorist using the Yellow and White trail.

Red Cross After Renewals
The South Oxford Chapter, Red Cross, in Norway, with auxiliaries in many surrounding towns, has completed arrangements for a renewal of membership at the fourth roll call. A canvas starts Monday and will continue several days with the Boy Scouts as active workers to put it across.

This year the chapter plans to spend some of the renewal fees right at home. At a recent meeting a vote was carried to pay \$250 of the \$500 quota Norway is to raise for the Oxford County Council of Boy Scouts, provided the citizens meet one-half their obligation to the Scout movement. Lawrence M. Carroll is at the helm for the Scouts and \$250 will be officially subscribed. The same offer is good next year, provided the Council exists.

Every new member, or renewal to Red Cross will receive a certificate and a new Red Cross design for a window display. A generous response is anticipated.

Lee M. Smith is chairman of the executive committee having this fourth roll call in charge. Mrs. Eva M. Kimball and secretary has been prepared for a rush when the workers begin to report. Attractive posters calling attention to the necessity for renewal are being displayed.

Lake Cottage Expansion
John C. Sheppard of Auburn has cleaned the lots and has the batters up for five more cottages to be built, next spring in his Lake Colony. He also has a tennis court marked out.

Victor L. Parkridge of Norway Lake is cobbling shoes at E. M. Thomas' shop. It is understood George F. Hill will not move his family into the Universalist parsonage but will remain at the Seldon Foster place during the winter.

The Oxford Electric Co. is overhauling the lines straggling the poles and replacing them with new wherever needed. Orrington M. Cummings, passing toward 82 years, marched in the Republican parade Thursday evening, probably the oldest veteran in the Orrington area. He has been a member of the party for eight years after a long term of constant service, therefore went into the game as torch bearer with a relish.

"Seems like old times," said Orrington. "Why, kid, I could march fifty miles after this eight years' rest," he continued.

The B. G. McIntire Democratic Club has given up the rooms in Noyes Block. Harry P. Bassett, who used the place for a sales room has removed his stock to his home on Pleasant street between the two villages.

The Browning Reading Club will meet with Mrs. Thirza Lovejoy Monday evening, Nov. 15th. Roll call, hints for the housewife. Paper, The adjustment of home duties to social requirements, Mrs. Alice Danforth.

Mr. and Mrs. Grant Abbott, Mr. and Mrs. Howard Knightly, Mr. and Mrs. George W. Richardson and Mr. and Mrs. Carroll Delano left Wednesday morning for Boston to attend the National Grange which is to be held there. They expect to be away about a week.

Tax Collector Eugene C. Libby says, "The town needs money," and he will accept any amount. Selectmen's office open every week day and Monday and Saturday evenings.

Fred H. Perry, proprietor of Maple Lane Spring has completed improvements at his home for handling the product at his home. About fifty gallons of water are delivered in the village every day and a truck load is sold to customers once a week. His business is extending to points out of the state.

So many local events are before the public for this month the regular Friday night dances at the Grange Hall will be postponed until Dec. 3. On that date a regular old fashioned get-together of Norway will be held under the auspices of the Grange. Music by the Grand Trunk relieving R. G. Ruel, the Grand Trunk relieving agency, is handling business at Norway station until J. O. Beaulieu's successor can be found.

Leslie McAllister is at work for James Stone in Bisbetown. Mr. Stone is erecting a mill there ready for operations at an early date. Stephen O. Jellerson is visiting the shoe centers this week in the interest of the Carroll Jellerson Shoe Co.

Are You Rheumatic?

Many Pangs That Pass for Rheumatism
Are Really Due to Weak Kidneys

Is it rheumatism?

Not every pain is.

Weak kidneys let uric acid collect.

Uric acid causes many queer pains.

In the thigh it's sciatica;

In the back, lumbago;

In the nerves, neuritis.

Gout, Gravel, dropsy are uric troubles.

When you suspect the kidneys use

Doan's Kidney Pills—

The home-recommended remedy.

Norway testimony is the best proof.

Ask your neighbor.

Read this Norway woman's story:

Mrs. F. L. Starbird, in rear Beals Hotel, says: "Doan's Kidney Pills have been an old standby with me for years. At times my kidneys don't act as they should or my back aches. I often have blinding dizzy spells and rheumatic pains when my finger joints seem to swell and are painful. I always use Doan's Kidney Pills from Noyes Drug Store at these times and they quickly relieve me and cure me of the attack. I can't say enough in praise of Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Starbird had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

At the Little Red Schoolhouse

An entertainment was given at the

Little Red Schoolhouse in Bissetown,

wood, teacher, and the pupils. A won-

derful program was furnished. Miss

Harwood is a very painstaking teacher.

Every one telling.....Seven girls in witches costume

by B. J. Flint, auctioneer. Stunts by

the scholars were won by Irene Callahan

and Verna Hobson. There was also a

mystery booth and candy sale. Proceeds

were \$21.37.

A Secret

Again, I. O. O. F. hall was the scene

of dancing and prancing to the tune of

nearly 50 couples, Oct. 29.

The "standing room only" sign was

hung out at 10 o'clock. Kate and Eva

never sang better, and the rest of the

orchestra had to hump themselves to

keep up with the jolly crowd. Miss Per-

ry of Norway won the candy.

The "Jolly Fly" are guarding the

secret of how it's done jealously. Some

think it's the ice cream and candy,

others say it's the pretty girls and lovely

dancers, while many declare it's the

singing and general sociability of the

crowd. However, they are all set ready

to spring another, Nov. 13, and it

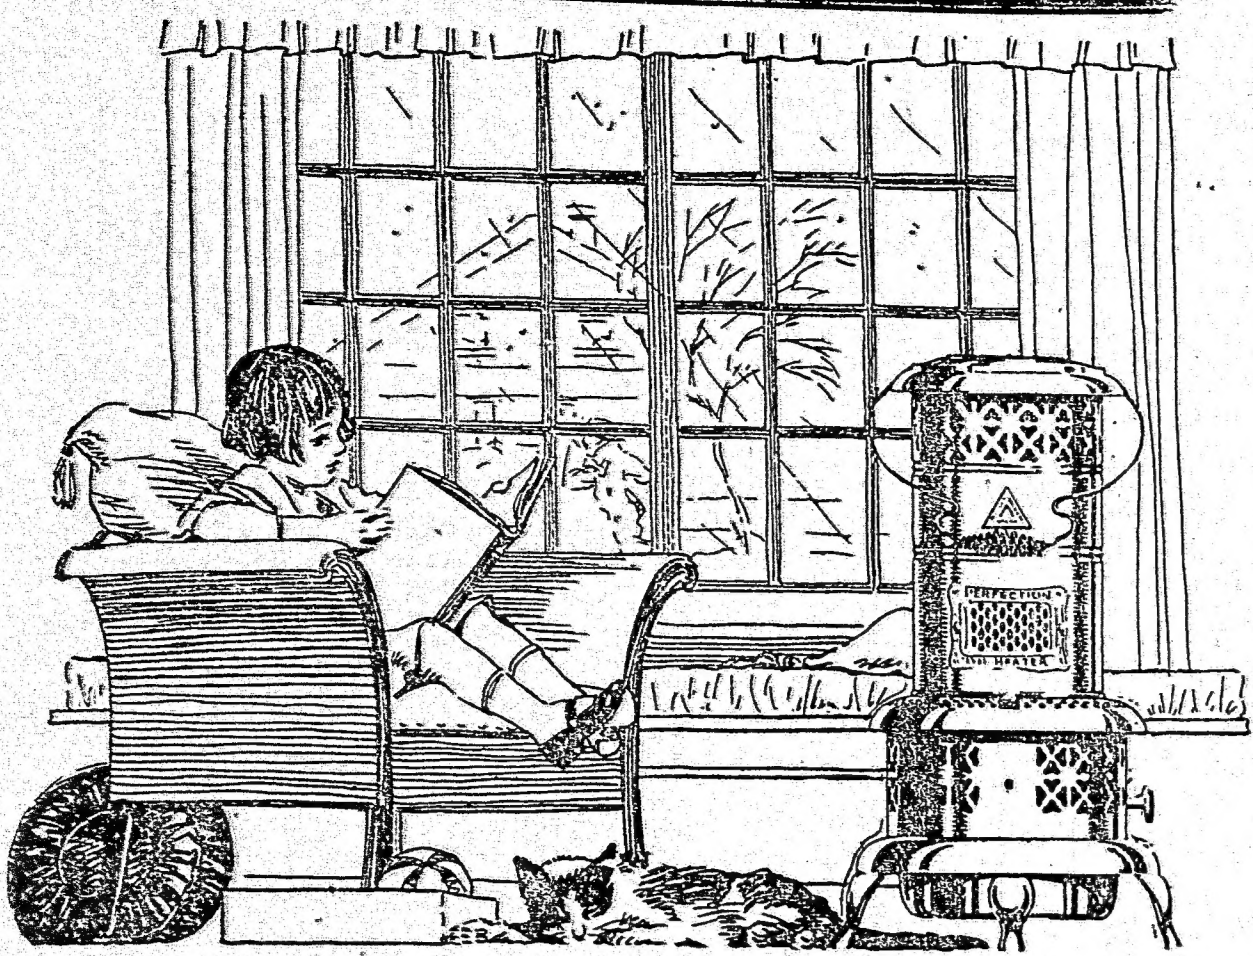

seems to be common knowledge they will

have their usual big crowd, and good

time, regardless of any secrets.

ing her aunt, Mrs.

If you could build your house over again—your way

MANY an inviting bay window and well-lighted corner is uncomfortable and unsafe when a cold wind is blowing outside. But don't forego the pleasures of an interesting book or magazine simply because your radiator was misplaced.

Put a Perfection Oil Heater in the path of those air currents and drafts. Then you can enjoy your favorite story in 70° or 72° of solid comfort.

Heat where you want it, from "the portable radiator"

That is what over a million families are using to keep their coal bills down. A low, even fire in your furnace or steam heater for general warmth—all over the house. Then a Perfection, "the port-

able radiator," in the rooms and corners you actually use.

Save "driving" your regular heater to keep seldom-used rooms and hallways unnecessarily warm.

The Perfection is light, compact and durable. It is an ornament in any room—blue or black finish, with or without nickle-plated trimmings. Burns for about 10 hours without refilling. No care, fuss or bother—just cozy comfort, when you want it, where you need it. A child can operate it.

Most hardware, housefurnishing and department stores sell the Perfection Oil Heater. Your dealer will gladly show you its simple, sturdy construction and smokeless wick adjustment. Look at one today.

For best results use Socony Kerosene.

Federated Entertainment

The sale, supper and entertainment of the Federated churches, Friday afternoon, Oct. 29, was very successful and pleasant. The musical part of the entertainment in the evening was furnished wholly by Mrs. Stella W. Burnham of South Paris and other talent who came with her, an auto load.

The following program speaks for itself of the excellent quality of the selections and those who took part:

Duet, Piano, March Fan Para.
Encore, Blooming Meadows.
Solo, At Twilight. Mrs. Earl Farnum
(I Love You)
Solo, Land of Sky Blue Water.
An Indian Village Signals and Answer.
Solo, Hiawatha's Melody of Love.
Duet, vocal, Dreaming in the Shade of the Whispering Trees.
O Come to Me, God, Cutting and Miss Jackson
Reading, Original Selections on Autumn.
Solo, The Red Bird Sing Over the Crystal Spring.
Duet, piano, Hugonote.
Solo, I Heard the Nightingale Singing.
Heart of Blue. Mr. Cutting
Solo, Carissima. Mrs. Farnum
Solo, When Darkness Turns to Light.
Reading, The Spire of St. Michael.
Response of Thank. Rev. H. H. Hathaway
Duet, vocal, "Rest Me, My Mother" from Ill Trovatore by Verdi.
Mr. Cutting and Miss Jackson
Miss Jackson's sweet voice in the Indian selections and costume were particularly enjoyed, as were also the deep mellow voice of Mr. Cutting and the delightful selections of Mr. and Mrs. Farnum, and in no wise would we overlook the technically difficult and pleasing piano duets done by two noted local instrumental music teachers.

The Ladies Aid and Mission circle feel very grateful to all these people for giving us such a delightful treat. The readings by our home talent were excellently done and received many compliments. The original selections by Mrs. Jackson were very fine and timely and her couplet or local hit on the harvest supper caused a good laugh.

Mrs. Carrie Flavin visited her son, W. W. Flavin, and other relatives in Portland, last week.

E. E. Jackson has bought a farm in Yarmouth and expects to move there soon. H. W. Welch and family expect to move into the house he vacates.

EAST SUMNER

Mrs. Emogene H. Willey

Mrs. Emogene Heald Willey, formerly of this place, died in Sheridan, Wyoming, October 30, at the age of 83 years. Her remains were brought here for interment in Elmwood Cemetery. Her nephew, Frank Heald, and his sister, Mrs. Jennie (Heald) Coffin, both of Wyoming, accompanied the remains here. The funeral services were held at the Congregational Church, Rev. R. E. Gilkey of Dixfield officiating, in the absence of Rev. W. G. Berkeley.

Mrs. Willey was the daughter of Hiram and Sophronia (Hersey) Heald of this town. Her husband was Jacob Willey, a son of Rev. B. G. Willey, who preached here many years. The deceased possessed an exceptionally beautiful character and won friends wherever she went. She will be sadly missed by a large circle of acquaintances, all of whom hold her in high esteem.

Five of our young men, members of the American Legion, last Sunday attended the funeral of Fred Pearson, formerly of Buckfield, who died in France and whose remains have recently been brought home. The services were held in the Baptist Church at Buckfield village and were conducted by Rev. F. P. Dresser.

Mr. and Mrs. Ray Keene are rejoicing over the birth of a little daughter, Frances Viola. Mrs. Edith Thomas is caring for Mrs. Keene.

Arthur Heald and wife of South Weymouth, Mass., were in town to attend the funeral of their aunt, Mrs. Willey.

Augusta Eastman spent the week end in Portland.

R. O. Saunders found a thrifty raspberry plant growing in a chink in a beech tree many feet from the ground.

A company from here attended the immense bon-fire on Summer Hill Thursday night. The fire was lighted by A. T. Hollis in honor of the election of Sen. Harding as president.

Carl Stephens and family recently visited his people in Kennebunk. R. G. Stephens substitutes for him in the store.

E. R. H. Stetson was in Boston last week, returning Friday afternoon. Business is very brisk in all of our stores and seem to be broken proper times.

There is a rumor of wild cats in the woods a few miles away and we would suggest that our enthusiastic hunters search them out and let the innocent deer go unmolested. To be sure, they cannot be used for food, but their fur is valuable and their locality would be rid of a disagreeable pest.

Alvan Barrows has completed the repairs on the village schoolhouse and it now looks very trim and tidy. The present plan is to have the outside of the building painted in the spring. It is well to make our schoolhouses as attractive as possible to the children.

BETHEL

Song Road

Carl Upton was in Lewiston one day, last week, on business.

Sammel Grover, Alcona Baker and daughter Lillie, were Sunday guests at Seldon Grover's.

Lynna Wheeler had a crew of seven men digging potatoes for him one day, last week, at his farm.

Deer seem to be scarce around here, this fall.

Seldon Grover is digging a ditch to lead the water one from a spring to his building. Hubert York is helping him.

Frank Hapgood is busy, these days, delivering wood to Bethel as they get more than they will on sleds.

Dorothy O'Leary has finished work at Bethel Inn and is at home.

L. H. Bartlett of Bethel is hauling wood from the late T. F. Hastings lot in Albany for W. W. Hastings.

Roy Good went to Fairfield last week to see his mother. Mrs. Good was also in Norway one day.

A. C. Herrick of South Paris has come back to A. B. Kimball's to work. Benj. Luman, who has been laid up with asthma for two weeks, is on the gain.

The Creditors' Collection Alliance of New Haven, Conn., want to employ a man or woman in Norway and vicinity. See ad. in another column.

This is the season of the year when each and every baseball team in the country is a winner.

LETTER
FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to be on my feet but very little and could not do my housework at all. I had a bad pain in my left side and it would pain terribly if I stepped off a curb-stone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt relief after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could wish. About a year later I gave birth to a ten pound boy, and have had two more children since and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. EVA E. SHAY, Garnett, Kansas.

TANLAC DISPLAY MAKES GREAT HIT

Unique and Attractive Display of Celebrated Medicine Attracts Much Attention

An advertising display which has attracted unusual interest, has been placed in the show-window of the A. L. Clark Drug Company, on Main street, in this town, the local agency for the well-known and highly successful proprietary medicine, Tanlac.

The display is not only interesting from an advertising standpoint, but is educational, combining in an attractive and artistic manner beautiful scenes from many foreign countries where the ingredients of this preparation are obtained.

It has occasioned such favorable comment in the city that the proprietors of the store state that it will remain in their window several days longer.

Work of Great Artist

The display is the work of one of America's greatest lithographic artists and the manufacturers of Tanlac state that the total cost will exceed sixty thousand dollars, which is said to be a record price for window displays. It is in itself distinct and natural colors, and presents scenes from the Rocky Mountains as well as from Europe, Asia, Peru, Egypt and other foreign countries.

The natives are seen in their natural habitat and environment, gathering the roots, herbs and barks that form the medicinal ingredients of Tanlac, packing them upon the backs of camels, elephants, llamas and other beasts of burden for transportation by land and sea to the immense laboratories at Dayton, Ohio, and Walkerville, Canada.

One of the most striking features of the display is the reproduction of the magnificent laboratory at Dayton. Here the artist has very effectively and impressively portrayed the popularity of Tanlac by introducing a group of people in all walks of life, who are looking at the Tanlac laboratory with expressions of confidence, plainly indicating their belief and faith in the medicine.

Another distinctive feature is the bulletins accompanying the display. They tell briefly and concisely of the marvelous growth and development of Tanlac, until today it has the largest sale of any medicine of its kind in the world. These bulletins also quote various standard medical authorities as to the therapeutic value and physiological effect of the medicine.

60,000 Bottles A Day

From these bulletins one also learns that the new Tanlac laboratories at Dayton and Walkerville have a combined daily capacity of 60,000 bottles and that the medicine is now selling at the rate of approximately 100,000 bottles per year.

That Tanlac is a preparation of exceptional merit has never been disputed which accounts for its tremendous popularity and large sales throughout the country. It is a powerful reconstructive tonic and body-builder and has a far reaching and most beneficial effect upon the entire system. Many strong local endorsements from those who testify as to the benefit they received, have appeared in the columns of this paper.

The manufacturers of Tanlac are firm believers in newspaper advertising and have formerly presented to the public the merits of their products in this way. Their total annual appropriation for newspaper space exceeds one million dollars. Their copy appears in practically all of the leading daily and weekly newspapers throughout the United States and Canada.

WHY HAVE CATARRH?

So Disagreeable to Yourself and All About You.

Catarrh is generally conceded to be a constitutional disease. Therefore it requires a constitutional remedy like Hood's Sarsaparilla which reaches every part of the system by thoroughly purifying and enriching the blood. This medicine removes the cause of the trouble, which if not checked may lead to more serious disease.

In 46 years of use and test Hood's Sarsaparilla has relieved many cases as told by voluntary letters of commendation. Why not get a bottle today and give it a trial? It combines economy and efficiency. Keep Hood's Pills on hand as a family cathartic.

Keep a Good Balance

Now==

Because our depositors create the funds we have to lend, naturally our customers have first claim when it comes to borrowing money.

Therefore, farmers who are far-sighted enough to keep as good a balance as they can during the fall, winter and spring, are the ones who find it easiest to borrow before harvest if they need to.

Republican Celebration

A torchlight parade with bands and red fire was put across on short notice Thursday evening by the Norway Republican Club.

A large procession formed at the headquarters, some five hundred men, women and children carried torches, flags, transparencies and pictures of Harding and Coolidge. Charles S. Akers and Alice Bartlett were at the head of the line on horseback. The third Regiment Band of Rumford came next, followed by the Norway Republican Club with a large delegation of women carrying flags and Harding lithographs.

The second division was led by the Norway-South Paris band, Allie Cote, director. Republicans not affiliated with the Club members of the South Paris Republican Club, and children who will become our future citizens, comprised this last section.

Line of march was down Main to Deering and Pearl, thence Beal to Tucker and over Fair to lower Main, up Main to point of beginning. Colored fire was turned along the line of march. Church bells were rung, a cannon and small arms produced the necessary racket. Places of business and residences were illuminated and many windows were tastefully decorated with flags, bunting and pictures of the candidates. The time honored "rooster" was displayed at Dr. B. F. Bradbury's, head down. This bird has done yeoman duty in many presidential campaigns and never has failed to appear during a political parade. Seldom has the bird been permitted to crow right side up, the last two campaigns being the exceptions.

A large crowd attended the dance in Norway Opera House under the auspices of the Third Regiment Band.

Mr. and Mrs. J. C. Harvey of Beal street have gone to Fabyan, N. H. Mr. Harvey has a good job cutting wood. They will remain till the first of the year, and possibly longer.

At a business meeting of the Norway Agricultural Club, held Thursday afternoon, a vote was passed not to accept the young lady students into membership. The club is to be organized for the girls. The Agricultural Club is composed of male students in Norway High school pursuing the agricultural course, for socialability and exchange of ideas gleaned from practical experience.

Luke Morse has built a temporary structure over the boilers at the power station suitable to withstand ordinary winter weather. It is understood the steam plant will be discarded after a connection can be made with the transmission line coming from Deer Rips.

KEZAR FALLS

Rev. John Arters, district superintendent, recently visited this place, the occasion being the third Quarterly Conference of the year which was held Saturday evening. During the services Sunday morning, two persons were received into full membership and six were taken on probation. There was fine singing by the Junior choir and the regular choir, also a solo by Rev. Mr. Graham. The beautiful communion service presented by two members of the church was used for the first time and was greatly appreciated as it filled a long felt need. Leon Fox, credit man at Gilchrist's Boston, has been sick for some weeks and his father has been to the hospital to see him and is in hopes to be able to bring him home in a few days.

Best to Accept Advice

Between Kezar Falls and Portland, somewhere in the Limington woods, is a piece of road in the making and in its present condition, undecorably rough. Travelers are requested to take the detour and at night lanterns flash their warning red signals to all who come that way. Once in a while an automobile enters the forbidden trail and goes lurching along like a ship in a heavy sea, rocks on either hand, mud and deep ruts filling the space between. Such a one with a party of four came to a sudden stop one night recently, a gully in front of them, which in the near future will be transformed into a culvert, an impassable road behind them, and if it had not been for the good offices of some men who had started on a coon hunt, might have had to spend the night there. It is well for all travelers on life's highway to accept advice and heed warnings.

Mr. and Mrs. Guy Curtis of Noble's Corner and Mr. and Mrs. Howard Heath were guests of Fred and Florence Grover at Norway Center, Sunday. Virgil Herick has been helping E. T. Jenkins repair his barn. There was no session of school at Swift's Corner, Monday.

On Oct. 31, after listening to a sermon based on the text "Repent, and be baptized," a goodly congregation witnessed the baptism of eight candidates by the Rev. H. H.
